AND NON-INVASIVE APPROACHES**

38TH

AESTHETIC SURGERY SYMPOSIUM

THE NEW YORK HILTON MIDTOWN HOTEL
NEW YORK, NEW YORK NOVEMBER 29 - DECEMBER 1, 2018

COURSE CHAIRMEN

SHERRELL J. ASTON, MD

DANIEL C. BAKER, MD

JOINTLY PROVIDED BY

ENDORSED BY

COURSE DESCRIPTION

The Aston Baker Cutting Edge 2018 Aesthetic Surgery Symposium is a uniquely designed and innovative educational experience. A world-renowned faculty of surgeon educators will present the most advanced clinical applications of established procedures and innovative new techniques and technologies for facial rejuvenation and total body sculpting.

The program features **82 Lectures, 10 Panels, 4 Point / Counterpoint Debates with 9 Lectures, 7 Lightening Rounds, and 4 Live Surgeries.** Attendees will see the hands-on work of our world-renowned faculty of international experts. The lectures will be highly edited to highlight the key steps of advanced techniques for face and body rejuvenation and contouring. The panels will explore methods for facial and body rejuvenation and sculpting, comparing the complexity of procedures, technical details, longevity, complications and patient safety issues. The Point / Counterpoint sessions will encourage debate between faculty members on philosophy, techniques, and controversial areas.

The Lightening Rounds will permit audience participation, questions and discussion. Registrants will be given the opportunity to demonstrate their questions to the faculty and audience.

THE LECTURES WILL DEMONSTRATE:

The importance of accurate photography in aesthetic surgery.

Clinical anatomy of the face as related to fillers and fat.

Efficacy and long-term effects of fat grafting, long-term results of facial fillers, problems and how to treat them.

Upper and lower blepharoplasty techniques that provide the appearance of unoperated eyelids.

Surgical and non-surgical management of lower eyelid mounds and festoons.

Facelift techniques that provide the appearance of unoperated facelift results.

How to treat facelift complications.

Surgical, non-invasive and minimally invasive corrections for facial and neck rejuvenation.

Breast augmentation techniques, fat grafting to the breast, and how to treat complications and deformities related to breast surgery.

Surgical approaches to gynecomastia including radiofrequency.

Surgical sculpting of the abdomen, arms, back, thighs, and buttocks, including the most advanced techniques for liposuction and fat grafting.

Surgical and non-surgical rejuvenation of the female genitalia.

LEARNING OBJECTIVES:

Differentiate various techniques for periorbital rejuvenation and when to apply them.

Recognize the technical details for various facelift and neck lift procedures.

Discuss the technical details for breast augmentation, and breast correction procedures.

Discuss and evaluate the advantages, disadvantages, and complications of current techniques for non-invasive and minimally invasive procedures for total body sculpting.

Analyze the benefits and complications of autologous fat injections, and the most often used facial fillers.

Define surgical techniques for total body rejuvenation and sculpting, including female genitalia.

Prevent complications related to facial rejuvenation and total body sculpting.

Patient safety, complications and long term results will be stressed throughout the symposium.

This program has been reviewed by the Educational Council and is officially Endorsed by the International Society of Aesthetic Plastic Surgery (ISAPS). Endorsement is not approval for Continuing Medical Education (CME) credit. The organizers may at their discretion provide separate CME credit.

GENERAL INFORMATION

ACCREDITATION / DESIGNATION

This activity has been planned and implemented in accordance with the Essential Areas and Elements of the Accreditation Council for Continuing Medical Education through the joint

providership of the American Society for Aesthetic Plastic Surgery, Inc. and the New York Plastic Surgery Foundation, Inc. The American Society for Aesthetic Plastic Surgery, Inc. is accredited by the ACCME to provide continuing medical education for physicians.

The American Society for Aesthetic Plastic Surgery, Inc. designates this educational activity for a maximum of **22.5 AMA PRA Category 1 Credits™**. Physicians should claim credit commensurate with the extent of their participation in the activity. Credit hours are subject to program changes.

Of the 22.5 credits, 7 have been identified as programming dedicated to patient safety related topics and will satisfy the Patient Safety CME requirement.

DISCLOSURE POLICY

The American Society for Aesthetic Plastic Surgery requires all instructors, planners, and other individuals in a position to control or influence the content of an activity, to disclose all relevant financial relationships or affiliations within the past 12 months. All identified conflicts of interest must be resolved and the educational content thoroughly vetted by ASAPS for fair balance, scientific objectivity, and appropriateness of patient care recommendations. ASAPS also requires faculty/authors to disclose when off-label/unapproved uses of a product are discussed in a CME activity or included in related materials. Attendees providing comments or asking questions during presentations are also required to disclose all related commercial interests. For purposes of this policy, the relevant financial relationships of one's partner must also be disclosed.

SYMPOSIUM REGISTRATION

Enrollment is limited to board certified or board eligible Plastic Surgeons and Facial Plastic Surgeons. Residents and Fellows from accredited programs may enroll with a status verification letter from the Chairman of their department. Accompanying physician assistants, nurses, office personnel, and spouses may also register. Advanced registration is strongly suggested. Please note that our previous symposia have sold out four weeks prior to the meeting. If there is any remaining space available for on-site registration, you must pay the on-site registration fee in cash only. Registration forms will be accepted on a space available basis, according to the date received.

HOTEL ACCOMMODATIONS

The New York Hilton Midtown Hotel
1335 6th Ave, New York, NY 10019

New York Hilton Midtown is located in the heart of Midtown Manhattan and in walking distance to attractions like Rockefeller Center, Radio City Music Hall, Fifth Avenue shopping, Broadway

theatres/Times Square, Central Park, The Museum of Modern Art, and major media and business headquarters.

LaGuardia, JFK and Newark airports are all just a short ride away, as well as NYC's three other transportation hubs - Grand Central Station, Penn Station, and the Port Authority.

With the premier location for business or pleasure, the best of NYC will be right at your door when you stay at the New York Hilton Midtown. Stylish NYC hotel rooms and suites are designed to exceed the modern traveler's expectations.

On behalf of the meeting participants, upon completing your registration, you will be sent a link to book your hotel room at the discounted rate of \$439 a night. This discounted rate is available until Monday, November 5, 2018 or until when the room block is sold out. Rates do not include applicable state and local taxes, currently 14.75% and \$3.50/room/night in state occupancy charges.

SOCIAL PROGRAM

December in New York City is a very magical time of the year. There are a variety of holiday activities for the whole family, including ice skating in Central Park, the Fifth Avenue holiday windows, Christmas and holiday concerts and shows, the world's largest Hanukkah Menorah, the Rockefeller Center Christmas Tree and exceptional holiday shopping. Please visit the entertainment section of our website for comprehensive information on the many cultural and diverse dining experiences that New York has to offer. You will also find information on how to obtain tickets to Broadway shows, museums and a variety of city tours.

TECHNICAL EXHIBITS

There will be 50 technical and commercial exhibit booths featuring the latest advancements in products and services beneficial to your aesthetic surgery practice.

The exhibit halls will be open all day for your convenience. Continental breakfast will be served each morning in the exhibit halls 7:00 to 8:00 am. Morning and afternoon coffee breaks will also be served in the exhibit halls as designated in the program schedule.

CONTACT

THE ASTON BAKER CUTTING EDGE 2018

WEDNESDAY, NOVEMBER 28, 2018

3:00-7:00 PM

Pre-Registration at The Hilton Midtown Hotel

THURSDAY, NOVEMBER 29, 2018

7:00-8:00 Continental Breakfast

7:40 **Welcome and Introductory Remarks**
Sherrell J. Aston, MD and Daniel C. Baker, MD

FATS AND FILLERS

- 7:45 **Evidence Based Fat Grafting - Efficious but Safe?**
Rod J. Rohrich, MD
- 8:00 **Fake Photography: Truth and Deception in Plastic Surgery You Are Being Played**
Val S. Lambros, MD
- 8:13 **Clinical Anatomy of the Upper Face for Fillers and Fat**
Jonathan M. Sykes, MD
- 8:23 **Clinical Anatomy of the Mid and Lower Face for Fillers and Fat**
Patrick Trévidic, MD
- 8:33 **Autologous Fat Grafting Long-Term Effects: A Growing Problem**
Val S. Lambros, MD
- 8:40 **Unpredictable Variables Of Fat Survival: How I Decide How Much Fat to Inject, When I Regraft**
Rod J. Rohrich, MD
- 8:45 **Lymphedema and Distorted Faces: Long Term Effects of Fillers**
Jeffrey M. Kenkel, MD
- 8:55 **Non-Surgical Treatment of the Over-Filled Face**
Per Hedén, MD
- 9:05 **Efficacy and Long-Term Biological Effect of Low Concentration Reconstituted HA Fillers**
Steven Fagien, MD

9:15 **PANEL: Fat and Fillers: Longevity and Complications**
Panelists: Giovanni Botti, MD, Steven Fagien, MD, Per Hedén, MD, Jeffrey M. Kenkel, MD, Val S. Lambros, MD, Rod J. Rohrich, MD, Jonathan M. Sykes, MD

9:30-10:00 Coffee Served in Exhibit Halls

FOREHEAD, BROW AND UPPER EYELIDS

- 10:00 **Neuromodulators: Choices, Longevity and Future Options**
Jeffrey M. Kenkel, MD
- 10:10 **Lifting the Brows With Autologous Fat**
Timothy J. Marten, MD
- 10:20 **Mistakes to Avoid in Upper Blepharoplasty**
Steven Fagien, MD
- 10:30 **Avoiding Skin Excision By Understanding Upper Eyelid Aesthetics and Using Tarsal Fixation**
Bryan C. Mendelson, MD
- 10:40 **Correcting the Over-Operated Upper Eyelid**
Patrick K. Sullivan, MD

LOWER EYELID

- 10:50 **Lower Lid Blepharoplasty: Anatomical Biomechanical Considerations**
Patrick Trévidic, MD
- 11:00 **Vertical Midface Lifting and Periorbital Anchoring in the Management of Lower Eyelid Retraction: A 10 Year Clinical Retrospective Study**
Giovanni Botti, MD

11:10 **Variations in Blepharoplasty Techniques: See if You Can Tell the Difference?**
Richard D. Lisman, MD

11:20 **PANEL: Has Blepharoplasty Become Too Complicated?**
Panelists: Giovanni Botti, MD, Steven Fagien, MD, Jeffrey M. Kenkel, MD, Richard D. Lisman, MD, Timothy J. Marten, MD, Bryan C. Mendelson, MD, Patrick K. Sullivan, MD, Patrick Trévidic, MD

MALAR MOUNDS AND EDEMA

- 11:35 **Correcting Malar Mounds, Malar Edema, and Festoons**
Giovanni Botti, MD
- 11:45 **Malar Mounds: Medical and Surgical Treatment**
Patrick Trévidic, MD
- 11:55 **Non-Surgical Management of Lower Eyelid Edema and Festoons**
Richard D. Lisman, MD

12:05-12:30 **LIGHTNING ROUND!**

12:30-1:45 Lunch and Exhibit Halls Open

FACE

- 1:45 **Concealing the Evidence: Choice of Facelift Incisions**
Steven M. Levine, MD
- 1:50 **Why are Intertragal Incisions So Poorly Executed?**
James M. Stuzin, MD
- 1:55 **How to Avoid Posterior Hairline Distortion**
Sherrell J. Aston, MD
- 2:00 **Avoiding Unnatural and Over-Operated Look: Lateral Sweep, Joker Lines, Wrong Vectors**
Val S. Lambros, MD
- 2:10 **How I Correct the Unnatural and Over-Operated Look Facelift Patient**
Timothy J. Marten, MD
- 2:20 **Surgery of the Superficial Musculoaponeurotic System Principles of Release, Vectors and Fixation**
Bryan C. Mendelson, MD
- 2:30 **Hematomas: Big and Small: Incidence, Avoidance and Treatment**
Rod J. Rohrich, MD
- 2:40 **Facial Nerve Injuries in Rhytidectomy: How to Avoid, How to Treat**
Daniel C. Baker, MD
- 2:45 **Facelift Complications: Infection, Skin Slough, Operating on Smokers**
Jonathan M. Sykes, MD
- 2:55 **PANEL: Practical Management of the Post-Operative Facelift Patient**
Panelists: Val S. Lambros, MD, Timothy J. Marten, MD, Bryan C. Mendelson, MD, Rod J. Rohrich, MD, James M. Stuzin, MD, Jonathan M. Sykes, MD

3:10-3:30 **LIGHTNING ROUND!**

3:30-4:00 Coffee Served in Exhibit Halls

NECK

4:00 **POINT / COUNTERPOINT: DEEP NECK SCULPTING**

Subplatysmal Sculpting Gives the Best Neck Result
Bryan C. Mendelson, MD

Why I Avoid Deep Neck Sculpting
Daniel C. Baker, MD

4:15 **How Much Do You Need to Do to the Neck?**
Patrick K. Sullivan, MD

THE ASTON BAKER CUTTING EDGE 2018

4:25 PANEL: Open or Closed Neck: How Do I Decide? How Would You Manage this Neck

Panelists: Giovanni Botti, MD, Timothy J. Marten, MD, Bryan C. Mendelson, MD, Rod J. Rohrich, MD, James M. Stuzin, MD, Jonathan M. Sykes, MD

4:45 Primary, Secondary, Tertiary Facelifts: Same Patient, Same Surgeon

Sherrell J. Aston, MD, Daniel C. Baker, MD, James M. Stuzin, MD

MINIMALLY INVASIVE AND NON-INVASIVE SCULPTING OF THE FACE AND NECK: COOLING, HEATING, INJECTION, ULTRASOUND, NEUROABLATION AND SUCTION

5:00 Fact or Fiction: Non-Invasive Skin Tightening of the Face and Neck

Jennifer L. Walden, MD

5:05 Minimally Invasive Aesthetic Treatments of the Neck

Barry DiBernardo, MD

5:15 Neck Cryolipolysis

David P. Rapaport, MD

5:20 Ultrasound and Deoxycholic Acid Neck Treatments

Lawrence S. Bass, MD

5:25 Radiofrequency Face and Neck Treatment: Is it a Facelift Result?

Christopher T. Chia, MD

5:30 Original Liposuction Gives Good Contour and Skin Contraction

Daniel C. Baker, MD

5:35 EBM Assessment of Non-Surgical Skin Tightening in Face and Neck Rejuvenation

Jeffrey M. Kenkel, MD

5:45 Neck-Lift Treatment with Section of the Platysma Nerve: Surgical Technique and Clinical Cases

Patrick Trévidic, MD

5:55 PANEL: New and Evolving Technology for Face and Neck Rejuvenation

Panelists: Lawrence S. Bass, MD, Christopher T. Chia, MD, Barry DiBernardo, MD, Jeffrey M. Kenkel, MD, David P. Rapaport, MD, Patrick Trévidic, MD, Jennifer L. Walden, MD

6:10 Video Presentation: Facial Rejuvenation in Perspective

Giovanni Botti, MD, Chiara Botti, MD

6:15-6:45 LIGHTNING ROUND!

FRIDAY, NOVEMBER 30, 2018

7:00-8:00 Continental Breakfast Served in Exhibit Halls

BREAST AUGMENTATION

8:00 POINT / COUNTERPOINT

Submammary Breast Augmentation
Frank Lista, MD

Subpectoral Breast Augmentation
Per Hedén, MD

8:15 Composite Breast Augmentation Longevity of Fat and Repeat Grafting

Daniel A. Del Vecchio, MD

8:25 Fat vs. Implants Alone and Together for Breast Augmentation and Augmentation Mastopexy

Jennifer L. Walden, MD

8:35 PANEL: Controversies, Complications, and Limitations of Autologous Fat Grafting and Fillers to the Breast

Panelists: Daniel A. Del Vecchio, MD, Per Hedén, MD, Jennifer L. Walden, MD

8:45 Avoiding Bottoming Out and How to Treat
Per Hedén, MD

8:55 Clinical Evaluation and Management of Animation Deformities in Breast Surgery

M. Bradley Calobrace, MD

9:05 Explantation of Large Implants and Breast Reshaping without Implants

Per Hedén, MD

9:15 PANEL: Implant Preferences and New Options

Panelists: M. Bradley Calobrace, MD, Daniel A. Del Vecchio, MD, Per Hedén, MD, Frank Lista, MD, Jennifer L. Walden, MD

9:30-10:00 LIGHTNING ROUND!

10:00-10:30 Coffee Served in Exhibit Halls

10:30 Radiofrequency Assisted (RFAL) Liposuction with Excision for Gynecomastia Under Local Anesthesia

Christopher T. Chia, MD

10:40 Aesthetic Approach and Surgical Treatment of Male Gynecomastia

Alfredo E. Hoyos, MD

10:50 Correction of the Constricted and Tuberos Breast

M. Bradley Calobrace, MD

11:00 Minimally Invasive Devices for Breast Lifting

Barry DiBernardo, MD

11:10-11:30 LIGHTNING ROUND!

LIVE SURGERY

11:30-12:15 Composite Breast Augmentation
Daniel A. Del Vecchio, MD

12:15-1:30 Lunch

ABDOMEN AND BODY CONTOURING

1:30 Dynamic Definition Lipo Abdominoplasty Combining Multiple Layer Liposuction Fat Grafting, Muscle Plication and Neo-Umbilicoplasty
Alfredo E. Hoyos, MD

1:45 High Definition Liposuction to Enhance Abdominoplasty Results
Daniel A. Del Vecchio, MD

2:00 Liposculpture of Challenging Body Regions: Axilla, Back, Flanks, Love Handles
Constantino G. Mendieta, MD

2:10 High Definition Lipoplasty of the Knees, Calves and Ankles
Alfredo E. Hoyos, MD

BRACHIOPLASTY: MAKING THE RESULTS WORTH THE SCAR

2:20 POINT / COUNTERPOINT

The Invisible Scar
Rod J. Rohrich, MD

A Well-Placed Scar Gives the Best Results
Daniel C. Baker, MD

Scarless Brachioplasty
Spero J. Theodorou, MD

2:45 PANEL: My Most Common Revisions in Body Contouring

Panelists: Daniel A. Del Vecchio, MD, Alfredo E. Hoyos, MD, Constantino G. Mendieta, MD, Spero J. Theodorou, MD

3:00-3:30 Coffee Served in Exhibit Halls

THE ASTON BAKER CUTTING EDGE 2018

HOW MINIMALLY AND NON-INVASIVE TECHNIQUES ENHANCE MY PRACTICE

- 3:30 The Economics of New Technology in Your Practice: Who Makes Money? You or the Device Manufacturer?**
Barry DiBernardo, MD
- 3:45 A Non-Invasive Practice with Cryolipolysis: Costs, Limitations and Patient Satisfaction**
David P. Rapaport, MD
- 3:55 Complications of Cryolipolysis - Paradoxical Adipose Hyperplasia Incidence and Treatment**
Mark G. Albert, MD
- 4:05 Ultrasound and Radio Frequency Assisted Liposuction under Local Anesthesia in an Office Based Setting. A Paradigm Shift**
Spero J. Theodorou, MD
- 4:15 Radiofrequency Microneedling for Skin Rejuvenation**
Sherrell J. Aston, MD
- 4:20 Microneedling with PRP (Platelet Rich Plasma)**
Olivia Z. Hutchinson, MD
- 4:25 Microneedling for Skin Tightening**
Jeffrey M. Kenkel, MD
- 4:30 Hyperthermic Diode Laser vs. Advanced Radiofrequency for Non-Invasive Body Contouring**
Lawrence S. Bass, MD
- 4:40 Non-Surgical and Minimally Invasive Procedures in a Large Plastic Surgery Clinic**
Per Hedén, MD
- 4:50 The Minimally Invasive and Non-Invasive Device Graveyard: What Is Buried There?**
Barry DiBernardo, MD

5:00 PANEL: Which Is the Best Device to Incorporate in My Practice
Panelists: Mark G. Albert, MD, Lawrence S. Bass, MD, Barry DiBernardo, MD, Per Hedén, MD, Olivia Z. Hutchinson, MD, Jeffrey M. Kenkel, MD, David P. Rapaport, MD, Spero J. Theodorou, MD

5:30-6:00 LIGHTNING ROUND!

SATURDAY, DECEMBER 1, 2018

7:00-8:00 Continental Breakfast Served in Exhibit Halls

BUTTOCKS

- 7:30 Ethnic Differences in Planning and Shaping Buttock Augmentation**
Constantino G. Mendieta, MD
- 7:40 Scientific Basis for Large Gluteal Fat Grafting with Technical Advances Using Simultaneous Separation Tumescence (SST) and Expansion Vibration Lipofilling (EVL).**
Daniel A. Del Vecchio, MD
- 7:50 Aesthetic Gluteal Contouring with Liposuction and Fat Grafting in Females**
Alfredo E. Hoyos, MD
- 7:55 Shaping the African American Buttocks**
Daniel A. Del Vecchio, MD
- 8:00 Male Buttocks Augmentation**
Alfredo E. Hoyos, MD
- 8:05 North American Buttocks Augmentation Using Local Anesthesia**
Spero J. Theodorou, MD
- 8:10 Buttock Augmentation with Implants Implants and Autologous Fat**
Douglas M. Senderoff, MD
- 8:20 Buttock Implant Complications and Revisions**
Douglas M. Senderoff, MD

- 8:25 Essential Anatomy to Prevent Pulmonary Embolism, Intraoperative Diagnosis and Management**
Daniel A. Del Vecchio, MD

8:40 POINT / COUNTERPOINT

Why I Stopped Using Buttock Implants
Constantino G. Mendieta, MD

Why I Prefer Buttock Implants
Douglas M. Senderoff, MD

8:50 PANEL: Managing Complications of Buttock Augmentation: Fat Necrosis, Fat Resorption, Correction of Asymmetry and Infections and Repeat Fat Grafting
Panelists: Daniel A. Del Vecchio, MD, Alfredo E. Hoyos, MD, Constantino G. Mendieta, MD, Douglas M. Senderoff, MD, Spero J. Theodorou, MD

9:05-9:30 LIGHTNING ROUND!

9:30-10:00 Coffee Served in Exhibit Halls

REJUVENATION OF THE FEMALE GENITALIA

- 10:00 Psychological Issues and Social Mores In Female Genital Aesthetic Surgery: What is Normal?**
Jennifer L. Walden, MD
- 10:10 Labiaplasty the Basics: Trim vs. Wedge Resection**
Christine A. Hamori, MD
- 10:20 State of the Art Labiaplasty: How to Face the Demand for Perfection**
Stefan Gress, MD
- 10:30 Rejuvenation of the Labia Majora: Surgery, Fat and Fillers**
Christine A. Hamori, MD
- 10:40 Surgical Treatments to Enhance or Renew Female Sexual Stimulation**
Stefan Gress, MD
- 10:50 Non-Surgical Vaginal Rejuvenation: Does It Work?**
Jennifer L. Walden, MD
- 11:00 Correcting Iatrogenic Labia Minora Deformities**
Stefan Gress, MD
- 11:15 PANEL: How to Incorporate Aesthetic and Functional Labiaplasty in a Plastic Surgery Practice**
Panelists: Stefan Gress, MD, Christine A. Hamori, MD, Jennifer L. Walden, MD

11:30-12:00 Boxed Lunch

LIVE SURGERY

- 12:00-1:00 Expansion Vibration Lipofilling (EVL) and Brazilian Butt Lift**
Daniel A. Del Vecchio, MD
- 1:00-1:45 Face and Neck Sculpting with Radio-Frequency Assisted Lipolysis (RFAL)**
Christopher T. Chia, MD
- 1:45-2:30 Arm Sculpting with Radio Frequency**
Spero J. Theodorou, MD
- 2:30 Adjourn - Thank you for joining us!**
